

OFFICIAL MEDIA RELEASE

KENT COUNTY SHERIFF DEPARTMENT

Date: November 2nd, 2014
Complaint Number: 14-148462
Type of Incident: Injury accident
Reporting Officer: Deputy Tyson Moore
Supervisor Approval: Sgt. Bryan Muir

On November 2nd, 2014 at approximately 4:00 PM, the Kent County Sheriff's Department along with LIFE Ambulance and the Bowne Township Fire Department were dispatched to a serious injury accident in the 9800 block of 60th ST SE. The initial report was a subject had been trapped under a large, flat-bed trailer for an extended period of time.

Upon deputies arriving on scene the victim Albert Husiman, a 56 year old Clarksville resident had already been removed from under the trailer by nearby neighbors, treated by Bowne Township Fire Department and transported by LIFE ambulance to a local hospital for serious, but non-life threatening injuries.

Deputies were able to determine on scene the victim appeared to have climbed under the trailer to free locked brakes, failed to place his vehicle in park and once a set of the trailer brakes were freed the trailer rolled on top of him, pinning him beneath. It is believed the subject had been trapped under the trailer for over five hours, before a hunter overheard his calls for help and was able to notify neighbors and emergency responders.

The Sheriff's Department's investigation into this incident is complete and there will be no further investigation.
